

**TOP SECRET
OXCART/TRINE**

11 December 1967

MEMORANDUM FOR: Deputy Director for Science and Technology

1. OXCART mission BX6738 was flown on 10 December 1967 against targets of interest in Cambodia. This was the twentieth BLACK SHIELD mission to date.

2. The aircraft departed Kadena AB at 0200Z and accomplished two runs over Cambodia. Mission duration was 3 hours and 55 minutes and recovery at Kadena AB was normal.

25X1

25X1 [redacted] Pilot reported clear weather in the target area and we can expect excellent results from mission take.

3. Take aircraft overflowed Rochester, New York, due to weather and landed at Dover AFB, Delaware. Every effort is being made to expedite take movement to Rochester via comair with milair back-up. Estimate take arrival at Rochester at approximately 1300 local time today.
